To our Valued Customers,

The Build America, Buy America Act (BABAA), enacted as part of the Infrastructure Investment and Jobs Act on November 15, 2021, focuses on maximizing the federal government's use of services, goods, products, and materials produced and offered in the United States. BABAA requires iron, steel, manufactured products, and construction materials used in federally funded infrastructure projects must be produced in the United States.

Located in Elyria, OH., since 1983 Multilink has proudly designed, manufactured, and extensively tested to various internationally recognized standards a majority of the products we offer in our vast catalog. As a leader within the telecommunication industry, traffic control system materials, and infrastructure for the ITS/Traffic industry, we are constantly evolving, adding to our extensive list of offered products compliant with the BABAA requirements, per relevant federal agency waivers.

Feel free to contact one of our skilled customer service representatives to verify the BABAA status of a particular product.

Sincerely,
